Mefsec 2012

1-4 December
Cairo, Egypt

Cairo International Convention Center

Fire, Safety & Security
Exhibition Middle East
& Africa

Mefsec 2012

The Middle East and Africa event serving the region's manufacturers, distributors and integrators of the fire, safety and security products will take place again in the 2012.

The region is in high demand of new technologies, innovations and developments in all aspects of advanced fire detections, fires suppression, automatic fire extinguishing, security, CCTV, and safety.

Cairo will be the venue for networking for decision makers, government officials and end users.

MEFSEC 2012: Newer, Bigger and Better

MEFSEC 2012 is adapting new scopes in the field of security.

- Car tracking systems
- GSM / Alarm systems
- Time attendance management

Join MEFSEC and benefit

- The leading event in the field of the fire, safety and security since 1999.
- The show with the most high quality visitors from governmental and private sectors.
- Egypt is the right location if your company wants to enter the Middle East & Africa markets.
- A series of technical seminars will run parallel to the exhibition and topics will deal with the new innovations and technologies in the field.

Show Promotion

Comprehensive promotional campaigns will ensure that the new MEFSEC developments and exciting programs are effectively communicated to the entire market.

The campaign will include:

- Advertising in all the relevant local, regional and international trade press.
- Direct mail to unique database compiled from previous visitors to MEFSEC and the extensive Egytec electrotechnical database.
- Promotion on the exclusive MEFSEC internet website.
- Promotion in government and Chambers' of Commerce publications.
- MEFSEC's series of adverts to appear in 1.7 million copies of AL-AHRAM newspaper.

Promotion at all relevant international trade exhibitions including:

IFSEC – UK
INTERSCHUTZ – Germany
SITECH – Germany
SICUREZZA – Italy

Scope of Exhibits

Fire 2012

Carbon dioxide systems
 Dry powder systems
 Extinguishing systems
 Fire & smoke dampers
 Fire alarm equipment
 Fire alarm systems
 Fire protection boards
 Fire resisting cables
 Fire retardant material
 Flame proofing
 Foam systems
 Gas detection
 Halon systems
 Hose reels
 Hydrants
 Integrated systems
 Nurse call equipment
 Photo luminescent / emergency / lighting
 Risk management
 Signs
 Smoke curtains
 Sprinkler equipment
 Sprinkler fixing & fastening
 Sprinkler systems
 Standby power
 Structural fire protection
 Voice evacuation alarms
 Water flow detection

Security 2012

Access control systems
 Alarm signaling systems

Anti virus computer programs
 CCTV
 Communication recorders
 Computer protection-security
 Computerized monitoring
 Control consoles
 Cord access systems
