

MESSEC 2009

12 - 15 December 2009
Fire, Safety and Security Exhibition
Middle East and Africa
Cairo International Convention Center

Scope of Exhibits

Fire 2009

Carbon dioxide systems
 Dry power systems
 Extinguishing systems
 Fire & smoke dampers
 Fire alarm equipment
 Fire alarm systems
 Fire protection boards
 Fire resisting cables
 Fire retardant material
 Flame Proofing
 Foam systems
 Gas detection
 Halon systems
 Nurse call equipment
 Photo luminescent/emergency/lighting
 Risk management
 Signs
 Smoke curtains
 Sprinkler equipment
 Sprinkler fixing and fastening
 Sprinkler systems
 Standby power
 Structural fire protection
 Voice evacuation alarms
 Water flow detection

Security 2009

Access control systems
 Alarm signalling systems
 Anti virus computer programs
 CCTV
 Communication recorders
 Computer protection security
 Computerized monitoring
 Control consoles
 Card access systems
 Camera housing
 Digital locks
 Door entry systems
 Hard wire intercom
 ID cards
 Intruder detectors
 Mobile telecommunications
 Monitors
 Packing control systems
 Perimeter protection
 Personal security
 Picture processors
 Radio alarms
 Radio paging
 Remote video monitoring
 Security doors
 Slow scan video
 Surveillance
 Turnstiles
Police Expo 2009
 Airspace surveillance

Anti-terrorism bomb disposal
 Anti-terrorism consultancy
 Anti-terrorism systems
 Body armor
 Bullet proof clothing
 Explosion protection
 Hardware/software for checking signature
 Helicopters
 Light/armoured vehicles
 Observation equipment
 Personal carries
 Processing identity cards and fingerprints
 Protective clothing
 Rapid entry devices
 Shields
 Specialized training equipment
 Surveillance of highway traffic
 Uniforms
 Valuables in transit

Safety at work 2009

Emergency lighting
 Eye protection
 First aids
 Foot protection
 Hand protection
 Head protection
 Insurance
 Noise control monitoring
 Safety glazing

Safety showers
 Safety signs
 Site safety equipment
 Trenches
 Ventilation
 Voice evacuation alarms
 Warning signs

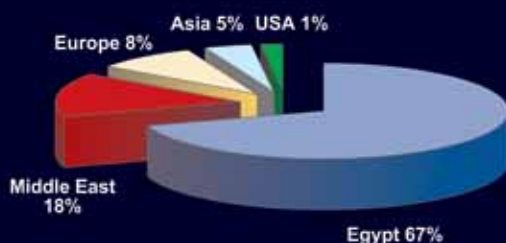

Rescue 2009

All-terrain rapid response
 Breathing apparatus
 Duct access doors
 Fire extinguishers
 Inflatables
 Rescue and energy lighting
 Rescue tools

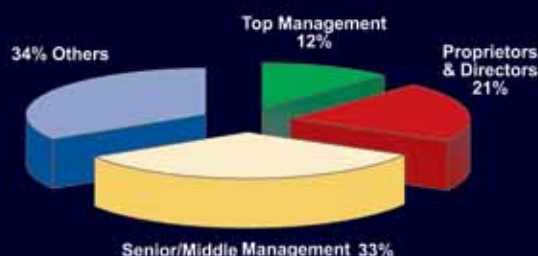

New in 2009

Biometrics and recognition systems
 Border control
 - Metal detectors
 - X-ray screening equipments
 - cargo screening
 Building management solutions
 Information security
 Network security
 Remote monitoring
 Control systems
 Security guarding
 Security lighting
 Security management monitoring

By Country

By Job Description

MEFSEC 2008

MEFSEC 2008 attracted local, regional & international 70 participants, thanks to the effective marketing and promotional campaigns that were launched by the organizers. Visitors included engineers, consultants, government officials, project designers, security directors of hotel chains as well as security operators from about 40 countries.

— MEFSEC 2009 —

The Middle East & Africa Fire, Safety and Security Exhibition will take place 12 –15 December 2009 at the Cairo International Convention Centre – CICC. Building on the success of MEFSEC 2008 & due to the growing demand in the area of safety & security, hence MEFSEC 2009 will spread on a double space.

MEFSEC 2009 will be an outstanding opportunity for you to enter the buoyant Egyptian market that is witnessing an unparalleled growth in the fire, safety and security sectors today.

Expect the Latest and the Best

MEFSEC 2009 is the platform of the very latest security technology from the world's market leaders, bringing together thousands of senior international decision makers.

Everything is changing rapidly and we are committed to bringing you the latest ideas, technologies, products and services you will need to help you compete in this changing and highly competitive market.

MEFSEC 2009: Newer, Bigger & Better

MEFSEC 2009 is adapting new scopes in the field of security,

- Border control technologies
- Biometrics
- Document security
- Building management systems

MEFSEC in its early years

MEFSEC was staged for the first time in Egypt under the support of the Egyptian Fire Protection Association (EFPA), the National Fire Protection Association (NFPA – USA) and the Confederation of Fire Protection Association (CFPA-International)

It was a source of pride for all Egyptians that CFPA has agreed to hold its annual meeting in Cairo back in 1999 @ CICC, Egypt

Join MEFSEC and benefit

- The leading event in the field of the fire, safety & security since 1999
- The show with the most high quality visitors from governmental and private sectors
- Egypt is the right location if your company wants to enter the Middle East & Africa markets
- A series of technical seminars will run parallel to the exhibition and topics will deal with the new innovations and technologies in the field

Show Promotion

Comprehensive promotional campaigns will ensure that the new MEFSEC developments and exciting programs are effectively communicated to the entire market

The campaign will include:

- Advertising in all the relevant local, regional & international trade press.
- Direct mail to unique database compiled from previous visitors to MEFSEC and the extensive Egytec electrotechnical database
- Promotion on the exclusive MEFSEC internet website
- Promotion in government and Chambers of Commerce publications.
- MEFSEC's series of adverts to appear in 1.7 million copies of the AL-AHRAM newspapers

Promotion at all relevant international trade exhibitions including:

IFSEC – UK INTERSHUCTZ – Germany SiTech – Germany SICUREZZA – Italy

MEFSEC 2009

In addition, participants will have the unique opportunity to spend time at the

co-located
event alongside MEFSEC

Electricx 2009

The 19th Middle East & Africa
Power & Energy Exhibition

The platform of the latest power and energy technology from the world's market leaders

Sponsored by:

Egyptian Fire Protection
Association (EFPA)
